Bandung, Jawa Barat

Fullstack Developer with expertise in Java Spring Boot and Angular, experienced in building scalable, high-performance end-to-end web applications. Skilled in developing RESTful APIs, database management, and delivering clean, maintainable code, with a strong emphasis on performance and best practices.

Work and Project Experiences

PT Tabel Data Informatika - Bandung, Indonesia Oct 2025 - Present

Full Stack Developer

Tech Stack: Java, Spring Boot, Angular, React JS, Golang, Jasper, PostgreSQL, Oracle, MinIO, Postman, Kubernetes, Antigravity, Codex, DBeaver.

- Resolved and maintained bugs/issues across production and development environments, ensuring system stability and minimizing downtime.
- Delivered end-to-end full-stack features for 2 high-impact projects, utilizing Angular and React JS for responsive frontends, alongside Java Spring Boot and Golang for robust backend services.
- Utilized Kubernetes for deployment and environment management, enhancing application scalability and operational efficiency.

PT Tabel Data Informatika - Bandung, Indonesia Aug 2024 - Jun 2025

Mobile Developer

Tech Stack: Dart, Flutter, Kotlin Multiplatform, SwiftUI, PostgreSQL, Plane, Figma, Gitlab, VS Code, Android Studio, XCode, DBeaver, Google Play Console, App Store Connect.

- Developed and maintained 6 Flutter applications for Android and iOS with a focus on performance and user experience
- Completed 2 to 7 tasks per week in accordance with sprint development to ensure optimal project progress
- Responsible for 85% of the mobile application deployment process to Google Play Store and Apple App Store, while documenting every version change to maintain transparency and development history
- Implemented state management using BLoC, Cubit, and Provider, enabling modular, scalable, and maintainable codebases
- Refactored Flutter projects from version 2.8.1 to 3.29.0 and from version 3.0.5 to 3.27.0, ensuring compatibility and performance improvements

Education

Telkom University - Bandung, Indonesia Sep 2022 - Jul 2025

Diploma in D3 Application Software Engineering, 3.87/4.00

- Web-Based Programming Practicum Assistant, mentored students in web development and supported lab sessions
- Chairman of PMK TASS, increased member participation by 70% through engaging programs and initiatives
- Senior Resident, managed dormitory administration and served as a senior in the dormitory community
- Top 150 Innovillage, recognized for developing innovative solutions with positive social impact
